

Dunster Forest

Forest

Bingo

Seen!

Chainsaw Carving- Carved by skilled artists using normal chainsaws! These are useful and beautiful forest landmarks

Seen!

Buzzard- You may hear and see this mighty bird of prey as it circles the skies looking for small mammals to eat

Seen!

Deer- We have Fallow, Red and Roe Deer in the forest. If you are really quiet you may be lucky enough to spot them!

Seen!

Veteran Trees- Look out for these ancient living monuments. Some of our veteran trees are many hundreds of years old!

See how many of these you can spot when out in the Dunster Forest

Seen!

Forestry Machinery- Look or listen out for these impressive machines as they harvest Dunster Forest's timber. Don't get too close though as they can be dangerous

Seen!

Heather- This attractive plant covers our heath covered hilltops. It changes colour with the seasons and is an indicator of healthy heathlands

Seen!

Wildflowers- Look out for these in spring and early summer. Bluebells not only provide food for insects, but also indicate where ancient woodland would have stood

Bingo!

Bracket Fungi- These fascinating fungi grow on the stems of trees. Though they indicate decay, they are an important part of the forest lifecycle
